

AUTRY OBJECT ANALYSIS

Use the following chart to analyze an object. Answer the questions in each column for the object. Not all information may be available, so only answer what you can.

<u>Observe</u> What do you see/hear? What is this object? What is it made of? Describe the object in detail.	<u>Analyze</u> What is/was the object used for? Who made the object? When was it made? Where was it made?	<u>Interpret</u> What does the object tell you about the person who used the object, the time period it was made or the place it was made?	<u>Wonder</u> What questions do you think of when you look at/listen to this object?
