

Tongva Program Post-Visit Activity

INTRODUCTION - During the *Tongva: The First Peoples of Los Angeles* program you learned about natural resources. Natural resources are anything from nature that people use. An abalone shell is an example of a natural resource that you learned about in the program. The photographs below show the outside and inside of an abalone shell.

Abalone Shell - Outside

Abalone Shell - Inside

You also learned about artifacts during the program. Artifacts are objects made by people. A fishhook is an example of an artifact that you learned about in the program. The photograph below shows a fishhook that is made out of abalone shell.

Fishhook

Tongva Program Post-Visit Activity

PART A - Look at the picture that you drew of the environment you live in from PART 4 of the *Tongva Program Pre-Visit Activity*. Think about the natural resources that are in the environment you live in. Write the names of these natural resources in the space below or on a separate document.

Some of the natural resources in the environment I live in are _____

PART B - Look at the picture that you drew of the environment you live in from PART 4 of the *Tongva Program Pre-Visit Activity* again. Think about the artifacts that are in the environment you live in. Write the names of these artifacts in the space below or on a separate document.

Some of the artifacts in the environment I live in are _____

PART C - Add some of the natural resources and artifacts that you wrote about above to the picture you drew of the environment you live in. Draw these natural resources and artifacts in PART 4 of the *Tongva Program Pre-Visit Activity*.

PART D - Then add the names of each of these natural resources and artifacts underneath the drawings in the picture you drew of the environment you live in. Write the names of these natural resources and artifacts in PART 4 of the *Tongva Program Pre-Visit Activity*.

PART E - Share your picture from PART 4 of the *Tongva Program Pre-Visit Activity* with your classmates, family, friends, or teacher.
